YEAR'S EXHIBITS ARE PRESENTED

Council Committees Submit Reports At Last Night's Meeting.

MAKE GOOD SHOWING.

Effort to Get Both Boards to Adjourn For Summer Recess—Resolution to Come up at Next Meeting.

All the members save Mr. Brill were present at the meeting of the Board of Aldermen last night. While there was some interchange of opinion on several unimportant matters which came up, the votes in all cases were unanimous.

Mr. Field, of the finance committee, presented the annual statements of the Auditor and City Treasurer, and they were received.

Mr. Field also presented a resolution which was adopted providing that the statements of the Auditor, City Treasurer and committee on light be published in both of the city papers.

On motion of Mr. Hill the resolution passed at the called meeting of the board on the 18th instant appropriating $6,000 from receipts from licenses towards a fund to build a new school building and a modern truck house was withdrawn and the resolution referred to the finance committee.

The action of the Common Council was concurred in on all papers sent in.

Common Council.

Common Council was in session about two hours last night and transacted an average amount of routine business with but little discussion; Messrs. Graham, Swan and Bryant were absent.

The reports from the Clerk of Gas and from the Superintendent of Gas were read by Mr. Harrison, of the Committee on Light. They showed total receipts of $51,745, and a total expense of $39,180, $12,000 of the balance having been transferred to the general fund.

A petition asking for a gas main on West street, between King and Prince streets, was referred to the Committee on Light.

A petition asking for a sewer in the alley running south from Wolfe street between Fairfax and Royal was referred to the Committee on Streets.

A recommendation of the Police Board that the salary of the Chief of Police be increased to $100 per month, was referred to the Committee on Finance and Police.

Council concurred in the action of the Board of Aldermen in a number of papers sent in by that Board.

J. W. Monroe was granted permission to build a small iron carriage shed in the rear of 307 S. St. Asaph street.

A resolution came in from the Board of Aldermen authorizing the Committee on Lights and Finance to publish the reports of the Clerk and Superintendent of Gas in both the Gazette and News, and appropriated $60 to pay the cost of this advertising.

Mr. Burke suggested that this should go to the Finance Committee before it was acted on by Council and several of the members agreed with Mr. Burke.

Mr. Williams insisted that the matter be passed at once, and he requested the clerk to make a statement about the comparative prices of the Barrett Press and the News Publishing Co., on certain work that he(the Clerk) has asked bids on. These questions apparently gave the clerk the privilege of the floor.

After some further discussion, which was at times spirited a vote was taken which resulted ayes, 8, noes, 5, and the chair declared the resolution carried.

Mr. Smith mad ethe point that as this matter had never been before council until this time that it was new business, and required 12 votes for its passage on the night of introduction, and he made the further point that it had not received the votes of the majority of those elected to the Board.

The chair declared that as the matter had been acted on in the Board of Aldermen it was new business in Common Council.

The auditor's report showing a total receipt for the past year of $203-430 91 was read and accepted.

Mr. Smith moved that the Common Council adjourn to meet on the second Tuesday in October subject however, to the call of the president. After a brief discussion it was shown that considerable business would come before council at its next meeting and it was agreed to let Mr. Smith's motion to lay over until next meeting.

The resignation of Chas. B. Swan, as member from the fourth ward was received. Mr. Swan stated that owing to his removal from the Fourth Ward and pressing business, he felt he could no longer serve the City Council.

Mr. Chauncey moved to lay this resignation on the table until the next meeting in order that all members of Council might have an opportunity to think over and discuss the matter.

Council then adjourned.

ORDER REVERSED.

President Accepts McNab's Resignation and Approves McReynold's Course.

The administration has taken prompt action in regard to the charges that Attorney General McReynolds interferred with the prompt prosecution of white slave and custom fraud cases at San Francisco. With two resolutions of investigations pending in Congress, the entire cabinet meeting yesterday morning was devoted to the problem created by the flood of telegrams demanding the Atorney General's resignation and the threat of John L. McNab, United States District Attorney at San Francisco, who made the charges, to deliver more "thunderbolts." As a result of the Cabinet conference these things were done:

Attorney General McReynolds recommended that his order for postponement of the case be reversed and that special counsel, free from any suspicion of political influence, be appointed to press the prosecution at once. President Wilson approved this suggestion.

President Wilson accepted Mr. McNab's resignation with a reproach for his inexcusable intimation of injustice and wrongdoing on the part of his superior."

The President wrote to Mr. McReynolds: ' approve your course very heartily and without hesitation."

Francis J. Heney, a Progressive, Matt J. Sullivan and Thomas Hayden, Democrats, are being considered for appointment as special counsel to prosecute both the white slave and the custom cases.

PELEKY DECLARED GUILTLESS.

Jury Acquits Pugilist Accused of Manslaughter.

Calgary, Alberta, June 25.—Arthur Pelleky, the pugilist, lsct night was acquitted of a manslaughter charge placed against him as a result of the death of Luther McCarthy in the first round of a scheduled 10 round bout at the Burns Arena on May 24. It was charged by the government that McCarthy died from a blow adminis tered by Peleky.

The jury was out 45 minutes, and the verdict was to the effect that the contest was a prize fight, but that Pelkey was not guilty of manslaughter, inasmuch as the blow he struck was not intended to cause fatal results.

McCARTHY-BRYAN AFFAIR.

Hot Blood Scenes to Have Subsided For the Present.

Richmond, June 25—Captain McCarthy has added nothing to his remarks of Monday.

Commissioner Henry P. Beck says he will seek out and hold to personal account any newspaper writer that hereafter libels the board.

Commissioner Hirschberg declares tha ta morning paper has caused Richmond to be advertised throughout the United States as a city having an unwholesome and deadly water supply.

Doctors, including Health Officer Levy and members of the City Board of Health, testify that the city's water is wholesome and fit for drinking purposes, an dthat there is no necessity for boiling the water, despite the fact that no chemical corrective has been placed in the water.

Members of the Administrative board took occasion again yesterday morning to express their sentiments towards the Times-Dispatch and towards the city's health department.

The board, however, ordered that a hypochlorite plant he installed immediately—not because it was deemed necessary, but merely to allay needless public excitement.

Commissioner Hirschberg paid his respects to the Times-Dispatch by declaring that it "has retarded the growth of Richmond fifty years." He also, in a very heated statement, asserted that the Administrative Board could attend to its own affairs and could conduct its own investigation, and needed no suggestions from the Health Department.

Phaup, thirty-two years old, employed as an assistant foreman at the Richmond branch of the American Locomotive Company, committed suicide yesterday afternoon at 414 north Seventh street, where he had lodgings, by swallowing a quantity of laudanum. FALLS CHURCH COMPLAINT HEARD

Protest Against Action of Electric Road Signed By 200.

EXTRA CAR TICKET.

Alleged That Rates are Unreasonable and Dscriminatory — Defendants Make Reply to Complaints.

Hearings began today before Chief Examiner Brown, of the Interstate Commerce Commission in Washington, of a rate complaint made by citizens of Falls Church, Va. The defendant is the Washington Utilities Company. The plaintiffs, who filed their brief March 1, said that they could see no reason why the company should collect any longer any extra car ticket for transportation from Arlington Junction to the Twelfth street terminus of the Alexandria car line.

The plaintiffs, in their petition asserted that the Washington, Arlington and Falls Church line, had been merged with the Washington, Alexandria and Mt. Vernon line in the formation of the Washington Utilities Company. The car ticket collected from them at Arlington Junction on their way to Washington was for compensation to the Alexandria line by the Falls Church line for the use of its tracks into this city.

The complaint also sets forth that rates on the Falls Church line were unreasonable and discriminatory and it was complained that Falls Church residents were not sold commutation tickets, as is done on other lines. The complaint was signed by H. Scott Ryer and about 200 other Falls Church ctiizens.

In its reply the defendants asserte dthat the complainants misunderstood the nature of the contract between the Washington, Arlington and Falls Church Company and the Washington Alexandria and Mount Vernon Company. It was denied that the rates from Falls Chruch are unreasonable and asserted that the Inter state Commerce Commission had investigated those rates itself in the last year and found them reasonable.

E. T. Fendwck appeared for the complainants today, and the defense was represented by Moore, Barbour, Keith and McCandlish, of Fairfax, Va.

COUNTERFEIT HALF DOLLARS.

Bank Tellers Deceived by Spurious Coins—Many in Circulation.

Counterfeit half dollars have got such a wide circulation in Baltimore that the daily deposits at the subtreasury contain from 6 to 10 of them. Many are found in the deposits of the banks, but the receipts which the United Railways treasury officials turn into the subtreasury contain more, though they also come from the Consolidateld Gas Electric Light and Power Company and from the Chesapeake and Potomac Telephone Company.

The coins are said to be about the finest counterfeits which have come under the observation of the sub treasury experts for a long time.

What makes the spurious character of the coins har dto detect is that they have been treated to a fairly heavy coating of silver. This deceives the tellers and also the car conductors, and those who receive them in the other corporations where they have been successfully passed. Moreover, the composition of which they are made has been treated to a fair proportion of ground glass. This gives the coin a ringing tone which has deceived many. The coating of silver makes the acid test a failure unless the application is permitted to stand on the coin for some little time or until it can go through the silver and reach the baser metal beneath.

The story is told by the following dispatch received from New York:

For the last three years Mrs. Veter had suffered from heart trouble, and recently a physician told her that the ailment was incurable.

SUPERINTENDENTS ARE UNDER FIRE

Many Charges Brought Before State Board of Education.

LOBBYING GOING ON.

Hearing Will Continue Another Week—Crowd of Spectators Diminishing on Account of Weather.

Richmond, Va., June 25. — Evedence of forged charges against certain school superintendents, local feuds and small politics of all sorts were dispaleyd before the state Board of Education yesterday in the hearings of contested election cases of division superintendents. The hearings are about one half concluded, and will go on in alphabteical order by counties this morning. Objections were raised to the age of some candidates, to political affiliations, county, State and national. Finally, one candidate felt called on to deny a report spread in his home district that he was a "hard shell" Baptist, saying that his religious affiliations were with the Presbyterians, which his opponets regarded as a clear bid for the votes for Governor Mann and Superintendent Stearnes.

Though the Board made considerable more headway yesterday in hearing the advocates of the various candidates for division superintendents than on the first day of its sitting when adjournment was taken at 5:30, less than half of the contested counties had been heard from and the prospect is that the session will consume the entire week, with a possibility of lapping over until Monday to complete the all-important task of selecting the 48 from the 103 whose claims will be before it for consideration.

Unlike the previous day's hearing, which was attended by the airing of the sensational Patrick county charges, the session yesterday was tame and comparatively uneventful, and there was a marked diminution in the crowd which sat around the Corporation Commission Court room, where the board is sitting. The lobbying in the interest of the various candidates went on with vigor around the corridors and on the portico of the capitol it was too hot in the court room for any except those whose interest compelled their attendance.

GAS BILLS NOW DUE.

Attention is directed to the notice elsewhere of J. B. Waller, clerk of gas. Consumers who pay quarterly are notified that their bills must be settled before July 1st in order to secure the usual discount of thirty cents upon each thousand feet of gas used.

MOTORBOAT REGULATIONS.

Proposition to Number Such as Are Not Required to Be Registered

The difficulty of keeping track of motor boats which are not registered at the custom house, the law not requiring registration for certain craft, has caused some activity in favor of having the bureau of navigation department and Department of Commerce and Labor to consider a plan requring all motor boats owners to register their boats with the customs collector at each port.

Under the present law pleasure vessels under sixteen tons are not required to take out papers. This prevents the department from having a record of the host of smaller vessels that ply the Potomac, which it has been suggested would be a useful record for the department of possess.

It has been suggested that all small boats be numbered so that they can be located.

MINISTER PROTESTS.

Proposition for Sunday Concerts in Richmond Parks.

Richmond, June 25.—Strong protest against allowing Sunday concerts in the parks and the like to become the entering wedge for other sports and entertainments on Sundays was voiced by the Rev. W. C. James from the pulpit of the Grove Avenue Baptist Church at the morning service Sunday in announcing which he made preliminary to his sermon.

"I see by the papers that the Administrative Board has made an appropriation for music in the parks, including Sunday concerts," he said, in substance. "Now, I do not question the action of the board, but I do ask the question, Is this and other things of a similar nature which have been occuring lately to constitute the entering wedge for other things not as harmless, and, finally, for a wide open city on the Sabbath?

"Sometime ago I was asked to distribute theater tickets in this church, and recently I was presented with two theater tickets for myself and whoever I desired to take with me. Following these things I have read in the papers of some agitation having in view the opening of the motion picture theaters on Sunday for Sunday shows, and the other day I read of Sunday concerts in the parks. Now this may be all innocently done, but still there remains the possibility. Are Sunday concerts in the parks at the expense of the city to lead to other forms of Sunday entertainment?

"I was recently preaching in a town in Texas, which was wide open, and about two blocks away from the church there was a baseball game in progress, and we could hear the shouting and hilarity from where we were in church. Everything was open there on the Sabbath and I went back home thanking God that I lived in Richmond, where such things are not permitted on the Sabbath.

"Several times, when I was in Louisville on the Sabbath, I have been compelled to walk in the middle of the streets because the sidewalks were so crowded with people coming from the theaters. Everything was wide open there on the Sabbath.

"This morning while on my way to church I met two young men who were playing ball in the streets, and passing a little further down the street I met a young man carrying a suit case to which were strapped a baseball bat and other baseball paraphernalia—he was going out to play ball on the Sabbath.

"I ask again, is this what is meant by Sunday concerts in the parks and other forms of Sunday diversion which have been urged of late? God forbid that Richmond should ever be as wide open as some of the towns I have seen!

Organized Christianity has a right to protect itself and to protest against such things, and I trust that the Christian people of this city will not permit any approach to a wide open city on the Sabbath."

DEATH NEWS KILLS HER.

Mother, Misinterpreting Telegram, Expires as Daughter Recovers.

Milton, Pa., June 25.—When Mrs. Peter Beaver, 63 years old, of this place, was told that her daughter, Mrs. Elmer Burley, had died in a Williamsport hospital, she fell dead.

Mr. Burley had received a telegram, which read: Come for your wife," and he went to his mother-in-law's home and told her his wife was dead, interpreting the message to mean that she had expired.

The shock of the unexpected news was too much for the old lady, and she swooned and soon died.

Engaging an undertaker, Burley went to the Williamsburg Hospital, expecting to find his wife's body. Instead she greeted him with a pleasant smile and told him she never felt better in her life.

When she learned of her mother's death she fainted. She had been seriously ill in the hospital for several weeks.

GETTYSBURG VETERAN.

Virginia, Still Hearty And Vigorous, to Attend Reunion.

Lawrenceville, Va., June 25.—Though he was shot seven times on the battlefield of Gettysburg, James M. Kirkland, of this place, still lives to tell the tale, and will attend the reunion of the Blue and Gray there next month, "to see how the old place looks."

Mr. Kirkland, who was one of Picketts men, was shot six times before he got to the "rock wall," and once after he got there.

One of the bullets penetrated a Bible in his pocket, shattered a rib, and would doubtless have pierced his heart but for these obstacles in the way. Another entered his mouth and slit his tongue. One of his legs was borken by the last ball which hit him. This bullet brought him to the ground and rendered him helpless.

Mr. Kirkland fell within fifteen feet of the spot where General Armistead was shot. He was a member of Comapny G, Fifty-third Virginia regiment, Armistead's brigade.

After lying on the field all night, he was taken prisoner the morning of July 4 and carried to Baltimore. As soon as he had recovered sufficiently from his wounds, he was exchanged and sent home. He was never able to go back into service.

After the war Mr. Kirkland married and raised a family of 10 children, all of whom are livng. He is 70 years old, and, but for a litte discomfort every now and then from his old wounds, is still heart and vigorous.

BOND FURNISHED.

Revenue Officers Seize the Pocahontas Plant.

Richmond, June 25.—The formal seizure of the Pocahontas distillery, near Petersburg, by revenue officers for the alleged violations of the revenue laws by having on hand material for distillation which was not recorded in accordance with the laws, was effected Monday after the plant had been under constant surveillance of officers since Saturday, June 14, when the alleged frauds were discovered.

An operating bond of $3,500 was immediately given by counsel for the distillers, which covers the value of the property and is available if the government wins in its confiscation proceedings against the distillery.

GETS REGAL GIFT.

Emperor William, of Germany, Sends His Portrait to Virginia.

Bristol, Va., June 25.—A signal honor was conferred upon St. Edith Academy, Bristol, last week by his majesty Emperor William of Germany by the presentation of a valuable oil portrait of himself.

The canvas, 26 by 37, is framed in a handsome gold frame nine inches wide surmounted with the royal crown in high relief. The portrait is strikingly life-like, the coloring beautiful.

The emperor is portrayed in the uniform of colonel of the regiment of the Imperial Cuirassiers. The painting bears the emperor's signature with the year 1913 in the main right that a morning paper has caused 1909, in the lower left.

The gift was sent direct from Berlin to the German ambassador at Washington, D. C., who forwarded it to St. Edith Academy.

EX-STATE SENATOR STABBED.

Dispute Over Bond Election Causes Cutting Affray Near Jonesville, Va.

Jonesville, Va., June 25.—During an election held yesterday in the Rocky station magisterial district for the issuance of $60,000 good roads bonds, former State Senator J. C. Noell, of Pennington Gap, was seriously injured with a knife in the hands of W. M G. Barron, a well-to-do farmer, of near Pennington Gap, who opposed the bond issue, which Noell favored.

The difficulty arose when Noell was informed that Barron had said there was a great deal of graft in connection with the expenditure of the road money. When the two men met, Noell asked Barron if he had made such a statement, and characteried the statement as a lie. Barron is reported to have said he had nothing to take back, and, upon being called a liar, drew a knife and attacked Noell, inflicting several serious wounds.

The dulness of the knife and thickness of Noell's clothes alone saved him from a mortal wound. Barron was arrested. Physicians stated Noell will probably recover.

R. F. & P. PAYS LARGE SUM.

Nearly $350,000 Goes to Counties And Cities.

Richmond, June 25.—Nearly $350,000 was paid out yesterday by the Richmond, Fredericksburg and Potomac Railroad Company to counties and citie sthrough which their tracks run, between Richmond and Quantico in Prince William county. This amount includes all of the taxes and interest as agreed upon between the officers of the road and the conferes appointed at the last session of the legislature to represent the state, in an effort to settle the tax controversy that has for years been a perplexing question before each recurring member of the general assembly.

The special meeting of the stockholders of the Richmond, Fredericksburg and Potomac Railroad Company, called for and held February 5, and regularly adjourned until Monday, met at that time and, by a vote of more than two-thirds of all the stock and with no dissenting voice, ratified and approved the contract made between the company and the state of Virginia for the settlement of back taxes, and the resolution of the directors accepting the terms of the act of assembly of March 9, 1912, placing the road on a tax-paying basis along with the other railroads of the state.

The compromise amount of $338,969.20, together with the interest provided for in the compromise contract, the whole aggregating $343,594.04, was paid over to the appropriate officers of the state and the various localities named in the compromise contract.

BRIDE ATTEMPTS SUICIDE.

Mrs. Kersey, Four Days After Marriage, Shoots Herself Twice.

Pulaski, Va., June 25.—Mrs. Kelley Kersey, a bride of four days, attempted to commit suicide yesterday afternoon by shooting herself twice with a 32-calibre pistol. One bullet passed under the skin of the neck, the other entered the body just below the heart.

The only reason she gave for the attempt on her life was because she was afraid she could not make her husband happy and is thought to have been mentally unbalanced. She got the pistol at the home where they were boarding and went to a stable to commit the deed. The sound of the pistol attracted the attention of persons nearby, who found her lying on the floor semi-conscious. Her condition is considered critical.

The Truth About Electric Cooking
For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.
In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.
In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

CONDITIONS QUIET IN RICHMOND.

The officials of Richmond have, very properly, acceded to the demands o fthe people of that place by taking certain precautions which, it is believed, will minimize the alleged danger from water furnished that city during the prevalence of typhoid fever. In times of epidemics communities naturally look for the cause of the troubles, and that many wild suggestions are made on such occasions may be admitted. But still, where no principle is at stake, if anxiety can in any way be allayed, there is no good reason why the voice of the people should be ignored.

The omnious cloud from which rumblings were heard after Former Mayor McCarthy had ventilated himself upon the owners of the Richmond-Times-Dispatch, seems to have passed away harmlessly, and probably there is a disposition to revise some of the harsh language used on the occasion. Men in public positions are often targets when they are acting through the best motives, but such as pose as public servants should be vested with patience as well as experience in order to fulfill their respective parts.

During periods of distress stricken cities will often attempt to place responsibility upon people who are doing the best they can to bring about improved conditions.

Eugene Sue, who was a physician in Paris at the time the cholera raged in that place, tells us that many persons in the French capital strangely imagined that the doctors were poisoning the people. The vivid description the author gives of the mobbing of Goliath,(the servant of the lion-tamer, who entered a wine shop and acted suspiciously was a case in point.

The Athenians on a similar occasion supposed they had offended one of their many delties, and offered sacrifice on the altars of most of them,but the plague was not stayed until they turned a flock of sheep loose in the city with the determination of offering them to the god or goddess in front of whose temple they stopped. They halted in a vacant lot and were offered "To The Unknown God." which formed the text for Paul's discourse on Areopagus several centuries later.

A lawyer was fined one dollar in Baltimore yesterday for striking a brother attorney. He probably considered the price very reasonable for getting so much satisfaction into his system.

Wanted, by one McCarthy, of Richmond, a job on the McNamara dynamite squad.

Rather than return to his ship a sailor killed himself. That's what you call cutting short your career to spite your patriotism.

It is probably all right to put the tariff ahead of patronage, but there are a whole lot of job-hungry Democrats who can't quite figure out the propriety of the course.

A Roanoke negro picnic resulted in a riot. It just shows the result of taking an instrument that was intended to be used for shaving with and using it socially.

Now they are investigating how much Senator Martine had to drink in West Virginia. Aside from the fact that it is mighty poor hospitality to count the number of cocktails a gentleman drinks, the chances are that the senator was well fortified with doctors' certificates as the evidence will show, according to the modern custom, as soon as the libel suit is under way.

Prosecuting Attorney McNab will hold the cards in his hand the next time. It is awfully embarrassing to have your bluff called under such circumstances.

A Chicago evangelist sets fifteen as the proper number of kisses for a husband to bestow upon his wife each day. We wonder how many he would prescribe for a courting couple.

The Japanese war minister has resigned. The trouble probably was that the opinion of the jingo press were not in accord with his better judgment regarding the continually appearing war scare.

Aristocracy fights over five million dollars says a London news heading. The aristocracy concern themselves over such paltry matters these days.

DIVORCEE REFUSED LICENSE

Marriage of Upton Sinclair's Ex-Wife to Herbert Halliwell Delayed.

Poughkeepsie, N. Y., June 24.—Mrs. Meta Sinclair, divorced wife of Upton Sinclair, and Herbert Halliwel of this city, whose engagement was reported a few days ago, were yesterday refused a marriage license by City Chamberlain Jesse J. Graham on the ground that they had been livin. at Dr. Sahler's sanitarium at Woodstock, and that Mrs. Sinclair gave her residence as New York. After they were refused a license Halliwel and his fiancee went to the home of his mother in this city.

Mr. Halliwell admitted that he would be married within a week, but to whom or where he refused to state. Both are strongly determined to be married, regardless of opposition, he said. It is believed that they will leave tomorrow mornng for New York, where they will apply for a license, and probably will be married there.

NEWS OF THE DAY.

H. Clay Mills, a haval stores operator, of Titmore, Ala., shot his wife to death, then committed suicide yesterday. It was said jealous rage prompted the tragedy. Three little children of the couple were in the house at the time.

Beatrice Bingham, a 5-year-old negro girl, was knocked down and killed last night by an automobile in front of her home, at 31 Virginia Avenue, southwest, Washington.

The supreme court of Mississippi hold that the razor is not a weapon but an "implement of toilet." In the case at issue, the conviction of Junius Brown, a negro for carrying concealed weapons, was set aside.

J. H. Maxwell, Jr., the 2-year-old son of J. H. Maxwell, of Belleville, Fla., is alive and playing just as usual despite the fact that he had as a playmate for a few minutes Monday a rattlesnake which he picked up in the yard of his father's home. The little fellow came running into the house with the snake in his hand, laughing at his find. The snake was wriggling and attempting to strike him when his father seized and killed it.

Despite the efforts being made by the authorities to keep secret the developments in the investigation into the death of Miss Florence Wainwright, the young woman who was found dead in the office of the Home Gas Company, in Salisbury, Md., Monday night, it is now known that the young woman did not die of poison, as at first thought, but from an operation performed, it is thought, Friday afternoon, in the yard back of the gas company's office. That the young woman did not die sitting at her desk, as was made to appear, now seems certain. In all probability she was carried into the office and placed at the desk in the position in which she was found.

A sensational charge was made yesterday at Bow street police court, London, against a daughter of Arthur Orton, the notorious claimant to the estates of the Tichborne family, about whose identity the world was divided into two camps for many years. The woman was accused of threatening to murder Miss Denise Greville, who is to marry Sir Joseph Doughty-Tichborne, the young baronet, at Brompton Oratory today. The threat was contained in a letter sent to the Earl of Granard, who married in 1909 Beatrice Mills, daughter of Ogden Mills, of New York.

Four men are known to be dead, 60 were injured, some fatally, and several unaccounted for as the result of an explosion late yesterday in the elevator and grain storage house of the Husted Milling Company in Buffalo, N. Y., and fire followed the explosion and destroyed the wooden section of the elevator.

Joseph DeFini, 18 years old, died in a hospital at Camden, N. J., yesterday from injuries received, it is alleged, when fellow employes in a factory forced compressed air down his throat through a brass tube until his abdomen was ruptured. Eugene Bysher, 16 years old, and Walter Lemon, 17 years of age were arrested on charges of being responsible for de Fini's death.

Two men were killed, another was probably fatally injured, and two women and an 18-months-old baby were seriously hurt when a fast westbound Lawe Shore mail train dashed into a loaded automobile, on the outskirts of Berea, near Cleveland, O., last night, shortly after midnigh.

Catching up 3-year-old James Callahan from the porch of his home a Atlantic City while his mother was at market yesterday morning, a well dressed man bounded round the corner into Pacific Avenue smothering the cries of his captive. Screams of other children brought their parents to the street. The police were notified and hurry calls were sent to every patrolman to watch for the man and boy, but up to a late hour last night nothing had been heard from either of them. Mrs. Callahan fainted in the street when told of the kidnapping. Afterwards she said she could think of no one who might have taken the child. z z z

A henpecked husband got a job in a powder factory recently and prayed that it woul blow up. He is now in the hospital suffering from horrible injuries, thus demonstratng, at least, the partial efficacy of prayer.

Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. NEWS OF THE DAY.

One man was killed and three persons were seriously injured, half a dozen were stunned and several hundred others were thrown into panic when lightning struck the pavilion at Willow Beach Park, Cleveland, O., yesterday afternoon. All were members of the First Unitarian Church of Cleveland, on their annual picnic.

The first disorder as a result of the garment workers' strike in Cincinnati occurred at noon yesterday when several girls employed in the textile building, while out for lunch were set upon by strikers. Stones were thrown but none of the girls were injured. Several of the strikers were arrested. It is estimated that about 8,000 workers walked out in Cincinnati and fully 3,000 more in Mt. Healthy and Reading and in Newport and Covington, Ky., across the river. The women workers are demanding a 48-hour week. The men ask for the same working hours, or for a 50 hour week, with 10 per cent increase in wages.

After an illness of only a few hours Rear Admiral Robert Potts, U. S. N. retired, living at the Army and Navy Club, died at 8:45 o'clock Monday night in the Naval Hospital, Washington. Rear Admiral Potts was 78 years of age, having been born in Dublin, Ireland, May 8, 1835.

The New York Assembly last night defeated Governor Sulzer's direct primary bill by a vote of 54 ayes to 9[illegible] noes. This is the second time this year that the Governor's bill has been defeated.

Jesse O'Bannon, 14 years old, will shot and killed his father, J. [illegible] O'Bannon, a farmer, Monday night near Harrisonville, Mo., was exonerated by a coroner's jury yesterday. The inquest brought out evidence tending to show that the boy had fired in self-defense.

The unprecedented sentence of only five days in jail for taking human life in Nashville, Tenn.,, was imposed yesterday.The defendant was Mrs. Anna Dotson, 33 years old, who shot Charles Cobb, a barber, last March. "Involuntary manslaughter" was the verdict. Mrs. Dotson is the wife of Dr. Walter Dotson, a physician. In the testimony she asserted that Cobb has "wrecked her happiness," and told of having made a vow in the presence of Dr. Dotson and a clergyman to kill Cobb if she could obtain divine forgiveness and Dr. Dotson would not cast her off. The defense also offered testimony intended to support the insanity theory. The state charged that Cobb was slain by Mrs. Dotson after he had refused to desert his wife for Mrs. Dotson.

Charges that he fastened a chain around the neck of his 15-year-old daughter, suspended her from a meat hook in his butcher shop, and then beat her with the butt end of a whip until the blood flowed from her wounds, was made against J. [illegible] Johnson, in the recorder's court in [illegible] Ga., yesterday.

Woman Loses Brooch.

Mrs. Caroline A. Wilson, a Washington society woman, who has a summer residence near Hollin's Hall Farm in Virginia, reports the loss of a $2,000 brooch. The police of Washington are on the lookout for the valuable piece of jewelry, but so far have been unable to find it.

Mrs. Wilson explained that on Monay she brought to Washington from the Virginia residence a case containing the valuable broach and several thousand dollars' worth of other jewelry for the purpose of depositing them in a vault for the summer. She stated that when she left her home the broach was in the jewelry case, but that upon reaching Washington it could not be found.

TO THE OWNERS OF DOGS.

The laws of the city make it the the duty of the mayor to give public notice to persons owning or harboring dogs to come forward and take out a license for the same from the City Auditor or be reported and fined, upon failure to do so. The license law requires this tax to be paid on or before July 1, 1913. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and directed to report to the police court the owners of all unlicensed dogs, and also are expected to locate all dogs sent away for the summer months and brought back in late fall; and to report such efforts to evade the payment of the license by their owners. The license on each dog, regardless of sex is One Dollar and fifty ($1.50) cents.
